PROFILE

Full Stack Developer skilled in building scalable and user-friendly web applications using modern JavaScript technologies. Experienced in responsive frontend development, secure backend APIs, and clean architecture with a strong problem-solving mindset.

EDUCATION

Full Stack Web Development, *Masai School, India*   03/2025 – Present
                                                                        Bengaluru

Bachelor of Commerce (B.Com), *MES Arts and Science College, Kerala*   11/2015 – 02/2021
                                                                        Perinthalmanna

SKILLS

Technical Skills
React, JavaScript, HTML, CSS, Node.js, Express.js, MongoDB, REST APIs, JWT, Tailwind CSS, Vite, Axios, Firebase, TypeScript, MVC Architecture, Data Structures and Algorithms

Tools
GitHub, Postman, Netlify, Visual Studio Code, Vercel

Soft Skills
Problem Solving, Communication, Adaptability, Time Management

PROJECTS

HabitFlow
- Built a full-stack health tracking application for workout logging and nutrition monitoring.
- Implemented JWT-based authentication with protected routes and secure API access.
- Integrated AI-based food analysis from images for nutritional insights.

Tech Stack: React, Node.js, Express.js, MongoDB, JWT

Loan Manager
- Developed a loan management system with multi-step forms and real-time status tracking.
- Implemented backend validation and secure REST APIs for handling sensitive financial data.

Tech Stack: React, Node.js, Express.js, MongoDB, JWT

Finance App
- Built a personal finance dashboard for expense tracking and category-based insights.
- Visualized financial data using interactive charts with real-time cloud storage.

Tech Stack: React, Firebase, Chart.js

Certificates

- Hackathon Participation –
  Masai School & NoBroker ⬀
